

## MANAGING OUR TREES: GETTING IT RIGHT

DUNCAN MACLENNAN

Monday 5 August 2019 6-7.30pm

Many of the trees that are integral to the stunning landscapes of Canberra's Central National Area – Anzac Parade, the Parliamentary Zone, Kings and Commonwealth Parks and the Lindsay Pryor National Arboretum – have reached the end of a safe and useful life and require replacement.

Duncan MacLennan, Project Manager, Landscape Policy and Development with the National Capital Authority, is a passionate advocate for trees and is engaging with the Canberra community to find the best way forward. What does the community think about these spaces and what would they like to see more of in the future?

Refreshments will be available from 6pm and the talk will commence at 6.15pm
